

January 2023

To My Clients and Friends,

I want to thank you for the many years I have had the privilege to work with you. These past 40+ years have been a joy to me as I created and steered within the industry the legacy of Methods Workshop, LLC. I have now decided though to take a step back and spend more time enjoying life in new ways. I will still be involved in Methods Workshop INTERNATIONAL, LLC but am handing over the day-to-day tasks to a new management team that I would like to introduce you now:

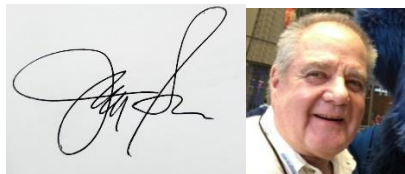

Joshua Linker – Many of you have worked with Joshua as he has been involved with Methods Workshop for 15 years providing Tech Support and Applications Development for us. He will continue as director of information technology, but will also be taking on many of the administrative tasks in the day-to-day operations such as invoicing and licensing. ([josh@methodsworkshop.com](mailto:josh@methodsworkshop.com))

Arturo Rodriguez – After many years serving as the Latin America director for [TC]<sup>2</sup>, he has been actively involved in setting up MW distributors in several parts of the World. Now he will take on duties as the Chief Executive Officer. ([arturo.rodriguez@methodsworkshop.com](mailto:arturo.rodriguez@methodsworkshop.com))

Kelly Riley – Some of you may know Kelly through his many years using his Engineering expertise in the Sewn Products Industry, and additionally through his many years of working with Methods Workshop. Kelly will be the Director of International Implementation & Training on both ETC / QTC systems and will be the principal USA Distributor. ([kelly@methodsworkshop.com](mailto:kelly@methodsworkshop.com))

You may also continue to contact us through our support address and sales address:  
[support@methodsworkshop.com](mailto:support@methodsworkshop.com)  
[sales@methodsworkshop.com](mailto:sales@methodsworkshop.com)

I look forward to Methods Workshop INTERNATIONAL thriving under these gentlemen and trust that you will give them the same support as you have graced me over these years. You can still contact me at my email address: [john@methodsworkshop.com](mailto:john@methodsworkshop.com).

All the Best,  
John
